

JULIAN BUTTERWORTH

CINEMATOGRAPHER / EDITOR

[CLICK HERE FOR LATEST SHORT FILM SHOWREEL](#)

Completed films

The Cycling Adventures
of Lettice Bly

The Lace

Lies on the Line

Desires & Delusions

Bournemouth based but happy to travel

- I work with a portable kit that is easily transported to remote sets

Experienced in period short film production

- I have worked on 6 short films (2 are work in progress and unreleased)
- Both previous short films were award winning including winning a **"Best Production"** award by the New Renaissance Film Festival as well as a nomination for **"Best Cinematography"**

All fully owned kit

- My production equipment is fully capable of producing high quality short film content on a budget
- No camera gear rental needed
- Basic lighting kit means minimal lighting gear hire is required

Understanding the process

- I know that period short films are hard and that budgets get stretched by locations and costumes
- I have **shot, edited, colour graded, sound edited and created VFX shots** for short films, which means I understand what is important to get right for a high quality final delivery
